Natural pet supplement

Why NuJoint?

- ✓ Promotes healthy hips & joints
- ✓ Rebuilds cartilage
- ✓ Keeps joints lubricated
- ✓ Improves mobility
- ✓ Safe for pets of all ages
- ✓ Made in the USA, since 1997

At NuVet®, we really are “pet people” and we’ve made it our mission to help our furry friends stay healthy for years to come. It’s this passion for pets that drove us to partner with a team of top scientific, medical, and pet industry professionals to produce the best nutritional supplements you can find.

NuVet® products are made in an FDA registered laboratory following GMP standards. We use the highest quality ingredients, specially compounded to deliver the most effective nutritional health benefits.

Guarantee

We proudly stand behind our products with a 60-day, 100% satisfaction guarantee. If you aren’t completely satisfied with the supplement, we’ll gladly give you a refund.

Manufacturing Process

INGREDIENTS

Only the highest quality ingredients are used.

MADE IN THE USA

Proudly manufactured in an FDA registered pharmaceutical facility.

PRODUCTION

Cold processed to maintain the rich nutrients of the ingredients.

RESULT

Holistic, natural supplement. NuJoint Plus and DS provide maximum hip and joint support.

NuJoint Plus® AND DS®

Maximum hip and joint support for dogs of every age and breed. NuJoint Plus and NuJoint Double Strength (DS) promote healthy joint function, mobility, and flexibility.

1 **GLUCOSAMINE** reduces minor stiffness and helps animals synthesize new cartilage caused by wear and tear. Hip and joint discomfort can happen when normal wear and tear break down cartilage.

2 **CHONDROITIN** helps to lubricate joints and increase mobility. It neutralizes the destructive enzymes known to damage cartilage and aids the entry of glucosamine – the building block of healthy joints.

3 **MSM** supplies biologically active sulfur to animals' joints, reducing rigidity of cells in the soft tissues of the body. This allows fluids to pass more freely from the cell and reduces cell pressure.

4 **VITAMIN C** strengthens the immune system, helps with white blood cell function, and promotes cartilage growth and tissue repair. Aging dogs are less adept at creating Vitamin C and may especially benefit.

Customers' Testimonials

"A remarkable difference"

"After being on NuJoint Plus for 3 months, we have seen a remarkable difference. She is much more mobile, shakes far less, and even jumps and hops again when she is excited."

-The Billingsleys

"Now able to go up stairs"

"Within a week of being on NuVet Labs (both NuVet and NuJoint) he seemed to revert back to when he was a ten year old dog! He is now able to go up stairs and go for walks, even jumping up and down the curbs!"

-Rachelle D

"She is actually jumping again!"

"My poor "old" Aussie that is showing her age with stiff joints...She has only been on your product for a week, and we can see a huge improvement in her mobility! WOW, she is actually jumping again! It's great to see her feeling better!"

-Terry C

"I am amazed"

"...our boy "Moon" has been feeling like a young dog since we started him on NuJoint... I was shocked he jumped into the truck, which he has never done before, he will be 10 years this July. I am amazed."

-Christine V
